

30-Day EURUSD Trading Challenge

Join me in a **focused 30-day EURUSD trading challenge** designed for disciplined and serious traders.

How it works:

- Trading balance starts at **\$10**
- Duration: **30 days (05/01/2026 to 13/02/2026)**
- Pair traded: **EURUSD only**
- Trading session: **London session**
- Target: small, consistent daily pips with strict risk control

Participation details:

- **Registration fee: \$150**
- At the end of the 30-day challenge, profits are shared 50% / 50% between us
- Risk-managed approach (no revenge trading, limited trades per day)

This challenge is for people who believe in **discipline, patience, and consistency**, not gambling.

☞ **Limited slots available** – join only if you are serious about following rules.

ADJUSTED 30-DAY PLAN (EURUSD ONLY)

Target: 5–15 pips/day

Stop Loss: 10–15 pips

Trade **London session only (9:00 am to 5:00 pm) Kigali time**

Style: 1–2 clean trades only

Trading Strategy Used

We will trade using a **Supply & Demand strategy combined with Smart Money Concepts (SMC)**.

This approach focuses on:

- Identifying **strong supply and demand zones**
- Following **institutional (smart money) direction**
- Waiting for **high-probability entries**, not overtrading
- Trading with **clear structure, confirmation, and strict risk management**

The goal is **precision, discipline, and consistency**, not random trades or gambling.
